

AUTEL®**MaxiBAS BT508**

PROFESSIONAL BATTERY TESTER

COMPLETE BATTERY DIAGNOSTICS

Test Regular and Enhanced Flooded (Wet), AGM and Gel Batteries

Built-in printer, dated and customizable with Shop name or logo

Cold Cranking Amps (CCA) Range of 100 to 3000 Amps

Test and Service all Standard 6- and 12-Volt Batteries

SMARTER TECHNOLOGY / IMPROVED TEST ACCURACY

Test Batteries in and out of Vehicle

Perform Quick Battery Health Check

Cold Charging and Cranking Test

Conductance and Resistance Test

COMPLETE BATTERY DIAGNOSTICS & SERVICES

Reset/Register New Batteries

Wi-Fi-Enabled for quick software downloads and email test results

Read and Clear Battery-related Codes

Read and Clear OBDII Engine Codes

AUTEL®

- **Fast Test**
Deliver test results in seconds, ideal for busy shops
- **Safe Connection**
Safety clamps with reverse polarity protection
- **Future Technologies**
Support future battery and vehicle types via software updates
- **Easy Share**
Print out or email reports, easy to share with customers
- **Auto-Save**
Saves test reports automatically for later view
- **Wi-Fi Enabled**
Wi-Fi connectivity to email test reports and update software

Customized Report

Dated report allows shops to add custom logos

Simple, Concise Test Results

2.8" LCD color screen, displays easy-to-read reports

TECHNICAL SPECIFICATIONS

Display Screen	2.8" LCD screen, 320*240	Voltage Range	1V~19V
Storage	16M SPI Flash + 16G TF card	Working Temperature	-10°C ~ 60°C
Input Voltage	5V DC	Storage Temperature	-20°C ~ 70°C
Working Current	< 300 mA at 5V DC	Wi-Fi	802.11 b/g/n/e/i
Internal Battery	7.4V, 1500 mAh	Dimension (L x W x H)	10.2 x 3.9 x 2.3 in
CCA Range	100~3000A	Weight	1.43 lb
