Software Update and Delete

1. Connect the device with the computer using the included USB cable.
   - Run the Maxi PC Suite on the computer. Wait for the Log In window to pop up.

2. Enter your Autel ID and password and wait for the Update window to display. If you forget your password, click [Forget Password?] to link to our website and find your password back. Or you may click Sign up to create an Autel ID to continue.
   - Select the product type and serial number, click OK to continue.

3. In the Update window, select the items you want to install. Usually, all available updates should be installed.

4. Click on the Installed tag and the page will show the list of programs installed.
   - Select the items you want to delete.

Data Printing

- Connect the device to the computer with the USB cable supplied.
- Run Autel Printer on the computer which is installed after the installation of Maxi PC Suite.
- Select Playback function in the Main Screen of the tool. In the data menu screen, use the UP/DOWN scroll button to select the data you want to print. Wait for the reviewing window to display, and then select Print function.
- The selected data will display on the textbox of the Autel Printer. By selecting the function keys on the right, you could execute the following operations:
  - Print – print all data in the textbox. (A printer should be connected to the computer.)
  - Edit – once clicked, the software will automatically open a NOTEPAD window with all recorded data showing on.
  - Copy – copy all data in the textbox to the clipboard.
  - Clear – delete all data in the textbox.
  - Exit – quit the operation.
